

Trajectory inversion readiness gate

Trajectory-derived observables are promoted only when structural observables and uncertainty columns are both present.

benchmark	stage	struct	unc	blocker
synthetic intermittent trajectory	uncertainty weighted trajectory	1	1	none
	missing sigma: none			
synthetic intermittent trajectory	structural trajectory only	1	0	sigma msd
	missing sigma: sigma_msd;sigma_ngp;sigma_self_intermediate_scattering;sigma_chi4_over			
synthetic member ensemble trajecto	uncertainty weighted trajectory	1	1	none
	missing sigma: none
